FUN RUN

On the Friday before half term, all the children took part in our annual Fun Run! The children ran around the field to win points for their house team. They showed fantastic resilience and perseverance when running and they achieved the best they could. We even had a visit from Strider. The total number of laps for each house are as follows: Garrick 1,465; Houston 1,450; Sadler 1,555; Wren 1,530. A big thank you to all the parents that helped count laps, and also to those who came to support the children as they were running.

FAYRE

The PTA would like to thank the parents and children who helped set up and man the stalls on the Friday before half term. The profit for the fayre was £1185.12.

YEAR 6 JUNIOR CITIZEN

Thank you to year 6 for the following:

On Thursday 6th June, year 6 went on a trip to Walton Fire Station. We did a series of challenges about healthy eating, fire, health, safety and lots more. It was a lot of fun, especially when a fire engine returned, the children were very excited. Thank you very much to the teachers who organised this and the brilliant instructors at the fire station. We all really enjoyed the trip.

CREATIVE LEARNING WORKSHOP

This week, Key Stage 2 were fortunate to attend a mindfulness workshop. Each class had an hour to develop their awareness of what it means to be mindful and to consider how being more mindful can benefit them. They had opportunities to practise different methods of mindfulness and relax in ways that allow them to be 'in the present' and not worry about what might happen in the future. The children were encouraged to use different deep breathing techniques to help calm them and they learnt more about the ways in which different parts of the brain react when faced with new or unfamiliar situations. All of the children enjoyed their sessions and are keen to complete more mindful activities in the future.

Are you concerned about air pollution? We will be hosting an anti-engine idling event on Tuesday 18th June. On the day we will speak to parents and carers about the pollution project Year 4 has been running, bust myths on idling, and encourage clean air around the school. We would love to have you along if you are interested in finding out what pupils have been learning about air quality, and want to help keep our community clean and children's lungs healthy. Please join us at Hurst Park School at 13:45pm. We will discuss air quality in the region, you will learn more about the effects of idling and how to help combat air pollution as we talk with parents as well as the wider community about the issue. Please let the office know if you are interested in attending this event.
